Consecrated Personal Mission (CPM)

In Service to Your Unique Expression of Divine L*O*V*E*

**Co-Creating a Culture of Self-Exploration and Focused
Research**

The Vision:

Realizing one's highest spiritual potential, and creating a life that expresses the dynamic possibilities of that unique personal vision.

The Mission

As an independent non-denominational service organization dedicated to the spiritual transformation and regeneration of all humanity We commit these programs in service to your personally chosen mission. The intention is that you will complete a two-year program with a clear vision of your purpose, a plan for the unfolding of your Consecrated Personal Mission and a firm foundation acquired through in-depth research and study on your chosen path. You will have the opportunity, upon completion of the two-year program, to choose ordination to the Mission you design, as a legally ordained independent spiritualist, or to proceed as an ambassador, fully empowered in your Consecrated Personal Mission.

Through the GTM Consecrated Personal Mission:

- 1) We commit to an ever-evolving process of refining and refocusing the purpose and direction of each participant's chosen Mission while we seek to apply the highest spiritual concepts of living to every intention on our path.
- 2) We are the architects and directors of projects, programs and paradigms that cause unprecedented transformation on the planet.
- 3) We commit to being present and engaging fully in the class work, as well as the intentions and assignments to be completed between gatherings.

Methodology

The GTM, Inc. Curriculum and course of study for the CPM serves as the foundation for group study and the path to individual ordainment (if you so choose) that reinforces and enhances each participant's intended field of

study. You will be supported through personal coaching and mentoring whenever you seek assistance. As guides and mentors we are dedicated to the success and fulfillment of the work of each participant in the program. As one succeeds, we all succeed.

We seek interrelatedness with all people, all cultures, all religions while honoring each person's chosen avenue of spiritual expression.

What is the GTM, Inc. Consecrated Personal Mission (CPM)?

The CPM prepares, trains and commissions participants for lives of dynamic service to humanity, bringing forth awareness of Divine L*O*V*E* (the Living Oneness of Vital Energy) and cosmic perspectives of the Uni-verse. This is a unique opportunity for participants to develop and nurture co-created service projects and a personally defined life purpose that transforms one's own life and the lives of all who are touched by their chosen Mission.
